

Milki Legesse Geda - Software Engineer

Contact Information

Full Name: Milki Legesse Geda

Phone Number: +251 992 011 922

Address: Ethiopia, Addis Ababa

Professional Email: MilkiLegesse6@gmail.com

LinkedIn Profile: [linkedin.com/in/milki-legesse-66607a312/](https://www.linkedin.com/in/milki-legesse-66607a312/)

GitHub: github.com/snoppycoder

Portfolio: portfolio-website--two.vercel.app/

Professional Summary

I am a third-year software engineering student with a strong foundation in JavaScript and a focus on building scalable and efficient applications. My experience includes developing a web application for task management, integrating APIs, and deploying applications on Render. I have worked on building RESTful APIs for real-time data processing and developing data visualization dashboards using JavaScript frameworks like React. Passionate about creating user-centric solutions, I strive to contribute to impactful projects that improve overall user experience and drive business outcomes.

Technical Skills

Languages & Technologies: HTML, CSS, JavaScript, TypeScript, Python, Java, SQL, NoSQL

Frameworks & Libraries: React, NestJs, Node.js, ExpressJs, Django, Tailwind, Spring Boot

Tools & Platforms: Docker, Git, AWS, Supabase, Render

Work Experience

Intern, NH Business Center (Jul 2024 - Oct 2024)

- Collaborated with a team of interns to design and develop a payroll website with tax integration, aimed at automating payroll processing for businesses.
- Implemented biometric authentication and attendance tracking using a deep learning Java framework, improving accuracy

Milki Legesse Geda - Software Engineer

and security of employee records.

- Contributed to back-end development with Java and SQL databases, ensuring seamless data management and user authentication.
- Worked closely with senior developers to troubleshoot issues and improve performance, enhancing the overall user experience.
- Gained hands-on experience with machine learning techniques applied to biometric data processing, gaining practical exposure to AI technologies in the workplace.

Education

Bachelor of Science in Software Engineering

Addis Ababa University, Graduation Date: 2027

Relevant Coursework: Data Structure and Algorithms, Web Development, Fundamentals of Database, Computer Architectures, Object-Oriented Programming

Certifications

- Python Institute's PCEP - Python Programmer Certification
- AWS Certified Developer
- Oracle Certified Java Programmer
- MongoDB Certified Developer
- FreeCodeCamp Certifications
